ROBERT AND BEVERLY LEWIS OUTPATIENT PAVILION

NOW OPEN

PRESIDENT'S MESSAGE

When I came to Pomona Valley Hospital Medical Center (PVHMC) in 1978, I saw a place filled with the spirit of caring and a team dedicated to delivering high-quality care and the very best patient experience. Today, I am still inspired by how we strive to set the bar higher for ourselves, and our continued commitment to the well-being of our community is evident in every inch of our new 55,000-square-foot Robert and Beverly Lewis Outpatient Pavilion.

The brand new building is home to Outpatient Surgery and our comprehensive Charles M. Magistro Physical Therapy & Rehabilitation Center. From the moment you step inside, you'll be surrounded by natural light, soothing colors and images of nature. You will be greeted in the lobby and we'll ensure you have everything you need to begin your healing journey, and we'll make sure your family is comfortable too.

Within this serene setting, we've installed the most state-of-the-art technologies available: high-end surgical equipment, brand-new radiology machines, and specialized air exchange systems in our surgical suites; the latest evaluation and exercise equipment, integrated technologies and software systems in the Charles M. Magistro Physical Therapy & Rehabilitation Center.

It's the same great staff, the same great physicians and the same commitment to our patients, but in a setting unlike any other, with the full spectrum of care from pre-admission to discharge under one roof.

Thank you for being part of our journey.

ABOUT OUR BENEFACTORS

ROBERT AND BEVERLY LEWIS

Beverly Lewis and her late husband, Robert, have been long-time supporters of PVHMC. They were the founding benefactors of The Robert and Beverly Lewis Family Cancer Care Center that opened its doors in 1993, and Mrs. Lewis' generosity has also made the Outpatient Pavilion a reality.

CHARLES M. MAGISTRO

Charles M. Magistro and his family have also donated generously throughout the years to The Robert and Beverly Lewis Family Cancer Care Center. In addition, two years ago the Magistro family made a separate large contribution specifically for the Outpatient Pavilion. Because of his longstanding professional relationship and his significant financial support over the years, PVHMC is proud to call the new home for its Rehabilitation Services department, the Charles M. Magistro Physical Therapy & Rehabilitation Center.

JACK J. FULTON

Another major donor to the project is the estate of Jack J. Fulton. Mr. Fulton was a longtime friend of PVHMC, and in recognition of his generosity over the years, we are pleased to name our Outpatient Surgical waiting area in his name – Jack J. Fulton Surgical Waiting Area.

PVHMC AUXILIARY

Since 1937, the PVHMC Auxiliary has supported the Hospital, making it a more welcoming place for patients, families, and visitors. In addition to volunteering thousands of hours of service, the funds they've raised have contributed to helping families of long-term sick babies, providing car seats and transportation for new mothers, refurbishing the pediatric playroom at the Hospital, and supporting the new Robert and Beverly Lewis Outpatient Pavilion.

If you are interested in supporting PVHMC Foundation,
please contact us at 909.865.9139.

WELCOME TO WELLNESS | REHABILITATION SERVICES

We serve patients across a full range of abilities, from student athletes recovering from injuries to people who have suffered debilitating strokes. Our new space, located on the first floor to accommodate our guests with limited mobility, is designed to guarantee patient safety, respect and dignity. Our suite of rehabilitation services includes:

- Physical Therapy
- Occupational Therapy
- Speech-Language Pathology
- Cardiac Rehabilitation
- Pulmonary Rehabilitation
- Amputee & Prosthetic Training
- Back & Neck Rehabilitation
- Balance & Fall Reduction
- Hand & Wrist Rehabilitation
- Lymphedema Management
- Low Vision Rehabilitation
- Neurologic Rehabilitation
- Orthopedic Rehabilitation
- Sports Medicine & Athletic Rehabilitation
- Stroke Rehabilitation
- Urinary Incontinence Management
- Vestibular Rehabilitation
- Work Injuries & Industrial Rehabilitation
- Wound Care Center

Once you've completed your therapy, you can continue to take advantage of our wellness and aftercare services, including Physical Therapy Gym Fitness, Massage Therapy, Golf Well, and the Cardiac and Pulmonary Wellness programs. To learn more about the services we offer, call (909) 865-9810.

OUR HISTORY

Founded in 1954, PVHMC's Rehabilitation Services department has a unique claim to fame. When it opened in 1954, PVHMC Rehab was the only Hospital based physical therapy department from Pasadena to San Bernardino! Charles M. Magistro, a pioneering physical therapist and innovative icon in the profession, led the development and expansion of the department and served as its director for 35 years. Today, the Rehabilitation Services department cares for the Hospital's inpatients, as well as outpatients at any of our five convenient locations. We are one of the largest rehab programs in the tri-county area, serving tens of thousands of patients each year.

"This facility is designed in a way that really reflects the future of rehabilitation, where exercise is as much a part of treatment for disease and injury as surgery and medicine."

JOE BAUMGAERTNER, MS, PT, Director of Rehabilitation Services

WELCOME TO RENEWAL | OUTPATIENT SURGERY CENTER

When you need a surgical procedure that doesn't require a Hospital stay, your care will be provided within the new Outpatient Pavilion. The surgical services team has revitalized every clinical process from start to finish so your experience is seamless and worry-free. Your pre-surgery screening, labs and diagnostic tests will all be conducted on-site, in private exam rooms, just steps away from our new surgery bays.

We also know how important it is for your loved ones to be involved in your care, so we've created a soothing waiting area just for them, where they can track your progress on our new patient status monitor and communicate with nurses and staff.

LEED CERTIFICATION SUSTAINABILITY AND HEALTH GO HAND-IN-HAND

Built with the future in mind, the Robert and Beverly Lewis Outpatient Pavilion has been submitted for certification in Leadership in Energy & Environmental Design (LEED). The distinction is awarded to green buildings that use sustainable materials, promote energy and water efficiency and minimize impact to surrounding ecosystems.

VOLUNTEERS PROVIDING CARE AND SUPPORT TO THOSE IN NEED

PVHMC's dedicated volunteers are the heart of our work, and the Robert and Beverly Lewis Outpatient Pavilion offers many opportunities for those who wish to serve. If you are interested in joining our care team, please call 909.865.9669.

“My goal is to provide the kind of service and care to my patients that I would want for myself and my family members, and I feel humbled to get to do that every day.”

PATTY ELLER, RN,
Clin III at the Robert and Beverly Lewis Outpatient Pavilion at Pomona Valley Hospital Medical Center

Our commitment to the patient experience was first and foremost during the design process. This is a healing place.”

MARTHA SOTO, RN, Director, Perioperative Services

A passion for healing. A love of giving.
