

**Big Hearts for Tiny Babies**  
***Claremont Toyota Continues Fundraising Commitment for  
Pomona Valley Hospital Medical Center's Neonatal Intensive Care Unit***

Roger Hogan, General Manager of Claremont Toyota, knows firsthand the stress and anxiety that can come with having a child admitted into the Neonatal Intensive Care Unit (NICU). A number of years ago, his son, Roger, spent time in the NICU at Pomona Valley Hospital Medical Center (PVHMC). The overwhelming experience gave Roger a profound appreciation for the exceptional care the PVHMC NICU team provides to infants and their families.

Since 2009, Claremont Toyota, as the lead sponsor for PVHMC Foundation's Annual Wine Tasting event, has helped raise nearly \$75,000 for the NICU. Most recently, the Hogan family collected \$1,500 at its first-ever Classic Car, Truck and Motorcycle Show. The proceeds from this year's Wine Tasting and the Classic Car, Truck and Motorcycle Show went toward purchasing new state-of-the-art equipment for the NICU and other pediatric care units.

On Tuesday, July 26 at 10 a.m., Claremont Toyota hosted a check presentation ceremony at its dealership to deliver the funds raised from the Classic Car, Truck and Motorcycle Show to PVHMC officials.
