Medical Career Experience and Organized Clinical Education Manual¹

<u>Medical career experience</u> is available at PVHMC to qualified individuals with a possible interest in the medical profession. Participants must be at least High School Juniors in good academic standing and must have a provider on the Medical Staff who has agreed to serve as their Supervising Medical Staff Provider. They must complete a brief orientation provided by the Office of Academic Affairs and must comply with all orientation and PVHMC requirements and regulations.

- Medical career experience participants will be allowed to observe directly the interaction between the Supervising Medical Staff Provider, patients and PVHMC associates.
- Medical career experience participants will be allowed to observe the identified Physician or Healthcare Professional listed above.
- Medical career experience participants will be allowed to observe at the facility/location and will not be allowed to access any other PVHMC locations/facilities.
- Medical career experience participants will be introduced to each patient who is to be observed, at which time each patient shall have the right to refuse to be observed.
- Medical career experience participants will not be allowed independently to interview or to examine any patients.
- Medical career experience participants will not be allowed to observe any procedures that require aseptic access or any invasive (breast, genital or rectal) exams.
- Medical career experience participants will not be allowed access to medical records and they must maintain all
 confidentiality requirements outlined during the orientation.
