For the health and well-being of all our patients, we ask for you to partner with us while visiting:

- PVHMC offers open visiting hours to our guests.
- For comfort and privacy, we ask that you limit your group to two visitors at a time at the patient’s bedside.
- Please consider the health of our patients and do not visit if you are currently sick, have a fever or cough.
- During doctor’s rounds, change of shift or patient procedures, you may be asked to wait before entering the patient’s room.
- For health and safety reasons, children may not be permitted to visit at all times or in all areas of the Hospital; please check with your patient’s nurse before bringing young children to visit.
- Please understand that children under the age of 14 must be supervised by an adult at all times while visiting.
- Cafeteria hours are 6:00 am to 12:00 midnight.

If you have any questions, please ask one of our Associates at the Information Desk.
If you have a special visiting request, talk with the nurse to see if we may accommodate you.

Thank You for choosing PVHMC.
