SUBJECT: Charity Care Policy

Purpose:

Pomona Valley Hospital Medical Center (PVHMC) serves all people in the Pomona Valley and greater Inland Empire community. As a community hospital provider, Pomona Valley Hospital Medical Center strives to provide healthcare services within a high quality and customer service-oriented environment. Providing patients with opportunities for Charity Care financial assistance coverage for healthcare services is an essential element of fulfilling the Pomona Valley Hospital Medical Center mission. This policy defines the PVHMC Charity Care Financial Assistance Program including its criteria, systems, and methods.

Nonprofit acute care hospitals must comply with the California Hospital Fair Pricing Act (codified in California’s Health & Safety Code Sections 127400 et seq.), and with Section 501(r) of the Internal Revenue Code requiring written policies providing discounts and Charity Care to financially qualified patients. This policy provides for Charity Care patients who financially qualify under the terms and conditions of the Pomona Valley Hospital Medical Center Charity Care Financial Assistance Program.

The Finance Department has responsibility for general accounting policy and procedure. Included within this purpose is a duty to ensure consistent timing, recording and accounting treatment of transactions at PVHMC. Patient Access and Business Office staff are responsible for assisting the patient with the Charity Care application as needed to include handling of patient accounting transactions in a manner that supports the mission and operational goals of Pomona Valley Hospital Medical Center. PVHMC’s Board of Directors is responsible for approving this policy.

Policy:

It is the policy of Pomona Valley Hospital Medical Center to offer financial assistance to patients who are unable to pay their hospital bills due to a financial inability to pay. Designated management will review individual cases to determine a patient’s eligibility for financial assistance and determine the discount for which the patient qualifies. All requests for financial assistance from patients, patient families, physicians or hospital staff shall be addressed in accordance with this policy. This policy applies to Charity Care applications approved on or after January 1, 2025.

Introduction

Pomona Valley Hospital Medical Center strives to meet the health care needs of all patients who seek inpatient, outpatient and emergency services. PVHMC is committed to providing access to financial assistance programs when patients are uninsured or underinsured and need help paying their hospital bill. These programs include state- and county-sponsored coverage programs, and Charity Care as defined herein. This policy focuses on Charity Care for which eligibility for financial assistance and qualification for a discount is determined solely by the patient's and/or patient's family's ability to pay.

The Hospital makes every effort to inform its patients of the Hospital's Charity Care Financial Assistance Programs. Specifically:

- Every registered patient receives a written notice of the Hospital's Charity Care Financial Assistance Policy written in plain language per IRC 501(r);
- Upon request, paper copies of the Charity Care Financial Assistance Policy, the Charity Care application form and the plain language summary of the Charity Care Financial Assistance Policy are made available free of charge. These documents are also available on the Hospital's website;
- Whenever possible, during the registration process, uninsured patients are screened for eligibility with government -sponsored programs and/or the Hospital's Charity Care Financial Assistance Program;
- Public notices are posted throughout the Hospital notifying the public of financial assistance for those who qualify (See "Reporting & Billing: Public Notice" within this policy for more information);
- Guarantor billing statements contain information to assist patients in obtaining government -sponsored coverage and/or Charity Care financial assistance provided by the Hospital (See "Reporting & Billing: Billing Statements" within this policy for more information);
- The hospital will provide patients with a referral to a local consumer assistance center housed in a legal services office;
- In an effort to widely publicize the Hospital's Charity Care Financial Assistance Policy, the Hospital has collaborated with several community clinics to provide Financial Assistance literature for clinic patients.

This policy addresses the following:

- Definitions
- Charity Care Financial Assistance Eligibility Criteria
- Charity Care Application Submission and Review Process
- Reporting & Billing
- General Provisions

DEFINITIONS

Essential living expenses: Expenses for any of the following: rent or house payments (including maintenance expenses), food and household supplies, utilities and telephone, clothing, medical and dental payments, insurance, school or child care, child and spousal support, transportation and automobile expenses (including insurance, fuel and repairs), installment payments, laundry and cleaning expenses, and other extraordinary expenses.

Charity Care (Free Care): A discount representing 100% of a patient’s liability. A full free discount is equivalent to 100% of billed charges when the patient is uninsured and equivalent to the patient’s unmet deductible, coinsurance and/or copay when the patient is insured.

High Medical Costs:

- Annual out-of-pocket medical expenses incurred by the patient at the hospital that exceed lessor of 10% of the patient’s current family income or family income in the prior 12 months
- Annual out-of-pocket medical expenses that exceed 10% of the patient’s family income if the patient provides documentation of the patient’s medical expenses paid by the patient or the patient’s family or household in the prior 12 months
- A lower level determined by the hospital in accordance with the hospital’s Charity Care policy
- Out-of-pocket costs mean any expenses for medical care that are not reimbursed by insurance or health coverage program, such as Medicare copays or Medi-Cal sharing.

Income: The sum of all the wages, salaries, profits, interests' payments, rents and other forms of earnings received by all members of a patient's family during a one year period of time. This includes gross receipts less cost of goods sold for self-employed family members.

Local Consumer Assistance Center: An agency designed to provide consumers with information about health care coverage and services. In California, the Health Consumer Alliance (HCA) was designated as the CCI/ Cal Mediconnect Ombuds program effective April 1, 2014. More information regarding HCA can be found at <http://healthconsumer.org>. Consumers may call 888-804-3536 for routing to the correct consumer center.

Necessary Services: Inpatient, outpatient or emergency medical care that is deemed medically necessary by a physician. Necessary services would not include purely elective services for patient comfort and/or convenience, including but not limited to a cosmetic lens implanted during cataract surgery.

Patient's Family Size: is dependent on the age of the patient as defined below -

- 1) For patients 18 years of age and older, the patient's family includes the patient's spouse, domestic partner and dependent children living at home
- 2) For patients under 18 years of age, the patient's family includes the patient's parent(s), caretaker relatives and other dependent children living at home

***PROCEDURE FOR CHARITY CARE FINANCIAL ASSISTANCE
CHARITY CARE FINANCIAL ASSISTANCE ELIGIBILITY***

Charity Care Financial assistance eligibility is based upon the patient's ability to pay as determined by the Patient's Family income relative to the current Federal Poverty Level.

The primary eligibility categories are:

- Patient is uninsured AND Patient's Family Income is at or less than 400% of the Federal Poverty Level designated for the patient's family size
- Patient is insured AND Patient's Family Income is at or less than 400% of the Federal Poverty Level designated for the patient's family size AND patient meets the definition of a "Out-of-Pocket Cost" patient

The following conditions must also be satisfied:

- If the patient is insured, the patient’s liability is NOT a Medicaid share of cost or unmet deductible, coinsurance and/or copay related to subsidized coverage provided through a Covered CA qualified health plan or similar plan;
- Patient does not qualify for other income-based/means test government-sponsored coverage;
 - A pending application for another health coverage program shall not preclude eligibility for financial assistance under this policy, however, final approval of financial assistance may be deferred until the pending application is processed and eligibility is determined
- Patient completes and submits a Financial Assistance Application.
- Patient submits all required and requested documents and responds to any questions that arise from the Charity Care Application.

CHARITY CARE FINANCIAL ASSISTANCE DISCOUNT QUALIFICATION CRITERIA

Once eligibility is established, the discounted amount and/or discounted balance is determined as defined in the following section of this policy depending upon:

- The Patient’s eligibility category;
- The Patient's Family income;

Charity Care Criteria

The following chart summarizes the criteria that must be satisfied for a patient to qualify for full Charity Care:

ELIGIBILITY CATEGORY	INCOME
Uninsured	<400% FPL
Insured with Out-of-pocket costs	<400% FPL

All patients who are eligible for Charity Care within this policy will receive full free when the patient’s family income is at or less than 400% of the Federal Poverty Level. To qualify for this level of discount, the patient will apply for and submit the documentation required for Charity Care

Policy Name: Charity Care Financial Assistance Policy		Policy #: HW#501
Division: Organizational	Manual: Hospital Wide Policy	Page 6 of 30
Origination Date: 12/31/2007	Revised Date: 1/5/2018; 1/1/2023, 01/01/24, 01/01/2025, 11/21/2025, 05/11/2026	Effective Date: 01/01/2025

within this policy. Full Charity Care means the patient will not be financially responsible for any out-of-pocket costs.

Dates of Service included in Application

When the hospital determines that a patient qualifies for Charity Care Financial Assistance, that determination will apply to the specific services and service dates for which the patient or the patient's family representative submitted the application. In cases of continuing care relating to a patient diagnosis that requires ongoing, related services, the hospital will treat continuing care as a single case for which qualification applies to all related ongoing services provided by the hospital. Management may, based on its review, determine that other pre-existing patient account balances outstanding at the time of qualification may be eligible for write-off. Generally, a patient will re-apply for financial assistance eligibility at least every 180 days, but management has the discretion to not require further application(s) for subsequent services following an initial application approval.

Other Eligible Circumstances qualifying for Charity: Medi-Cal Payment Denials

PVHMC deems those patients that are eligible for government-sponsored low-income assistance programs (e.g. Medi-Cal/Medicaid, California Children's Services and any other applicable state or local low-income program) to be indigent. Therefore, such patients are eligible under the Charity Care Financial Assistance Policy when payment is not made by the governmental program. For example, patients who qualify for Medi-Cal/Medicaid as well as other programs serving the needs of low-income patients (e.g. CHDP and CCS)), where the program does not make payment for all services or days during a hospital stay, are eligible for Charity Care coverage limited to the amount the payer denied instead of paid. Consistent with Medicare cost reporting guidance for the calculation of the Hospital's low-income percentage for Medi-Cal DSH, non-covered services and all other denied services provided to eligible Medicaid beneficiaries will be reported as "Uncompensated Care" for cost reporting purposes without requiring a Charity Care application from each patient. Specifically included as Uncompensated Care are charges related to denied stays, denied days of care, and non-covered services. All Treatment Authorization Request (TAR) denials and any lack of payment for non-covered services provided to Medi-Cal/Medicaid and other patients covered by qualifying low-income programs, and other denials (e.g. restricted coverage) are to be classified as Charity Care.

The patient is NOT eligible for financial assistance on Medi-Cal share of cost or a patient's subsidized or discounted out-of-pocket expenses determined by Covered California or any other

state or federal government insurance exchange. A patient’s unsubsidized out of pocket expense may qualify for a discount as defined within this policy.

Other Eligible Circumstances qualifying for Charity: Medicare Deductibles and Coinsurance Denials

Patients whose primary coverage is Medicare and secondary coverage is Medi-Cal are eligible for financial assistance and may qualify for full free. The qualifying amount for full free is limited to the Medicare coinsurance and deductible amounts unreimbursed by any other payer including Medi-Cal/Medicaid, and which is not reimbursed by Medicare as a bad debt, if:

- 1) The patient is a beneficiary under Medi-Cal/Medicaid or another program serving the health care needs of low-income patients; or
- 2) The patient otherwise qualifies for Charity Care financial assistance under this policy and then only to the extent of the write-off provided for under this policy.

Other Eligible Circumstances qualifying for Charity: Reassignment from Bad Debt to Charity Care

Any account returned to the hospital from a collection agency that has determined the patient or family representative does not have the resources to pay his or her bill, may be deemed eligible for Charity Care. Documentation of the patient or family representative’s inability to pay for services will be maintained in the Charity Care documentation file.

Other Eligible Circumstances qualifying for Charity Care: Insured Patients Not Under Contract with the Hospital

Negotiations with insurance carriers involving inferred contractual relationships, for insured patients not under contract with PVHMC will be conducted by executive leadership at PVMHC. Although PVHMC may agree to the terms of the negotiations with insurance companies, an inferred contractual relationship is not representative of a patient “under contract” with PVHMC.

Per Medicare cost report instructions updated under [Transmittal 18](#) PVMHC may record the portion of total charges, for patients with coverage from an entity/insurer that has an inferred contractual relationship or does not have a contractual or inferred contractual relationship with PVHMC, as patient financial assistance.

Other Eligible Circumstances qualifying for Charity Care: Non-Covered/Denied Charges

Any unreimbursed charges from non-covered or denied services from any payer, such as charges for days beyond a length-of-stay limit, exhausted benefits, and balance from restricted coverage, Medicaid-pending accounts, and payer denials are considered a form of patient financial assistance at PVHMC. Charges related to these denials/non-covered amounts written off during the fiscal year are reported as uncompensated care.

Criteria for Re-Assignment from Bad Debt to Charity Care:

All outside collection agencies contracted with PVHMC to perform account follow-up and/or bad debt collection will utilize the following criteria to identify a status change from bad debt to Charity Care:

- 1) Patient accounts must have no applicable insurance (including governmental coverage programs or other third-party payers);
- 2) The patient or family representative has not made payment within 150 days of assignment to the collection agency.
- 3) The patient’s credit & behavior score is within the lowest 25th percentile as of November 2007, PVHMC’s secondary agency has determined the credit and behavior score representing the lowest 25th percentile is 547 or lower as reported by Transunion;);
- 4) The collection agency has determined that the patient/family representative is unable to pay; and/or
- 5) The patient or family representative does not have a valid Social Security Number and/or an accurately stated residence address to determine a credit score

Discount Payment

A patient is not eligible for Charity Care when the patient’s family income is greater than 400% of the established Federal Poverty Level. To understand what discounts may be available to patients whose family income is greater than 400% of the established Federal Poverty Level, please refer to the Discount Payment Policy

Collection Efforts

Prior to authorizing any extraordinary collections activities, the Hospital will ensure a Financial Assistance Application is mailed to the guarantor's current address on file allowing the guarantor no less than 30 days to respond or inform the business office of the interest to pursue financial assistance. The Director of Patient Financial Services will ensure all reasonable efforts are taken to determine if a patient is eligible for financial assistance under this policy before engaging in Extraordinary Collection Activities. All collection efforts will be suspended while a guarantor is actively participating in the Financial Assistance Application process. For further information on the hospitals Collection Policy, refer to Credit & Collections Policy #BS103.

Access to Healthcare During a Public Health Emergency

An Access to Healthcare Crisis must be proclaimed by hospital leadership and approved by the Board of Directors and attached to this Charity Care financial assistance document as an addendum. An Access to Healthcare Crisis may be related to an emergent situation whereby state / federal regulations are modified to meet the immediate healthcare needs of PVHMC community during the Access to Healthcare Crisis. During an Access to Healthcare Crisis PVHMC may "flex" its Charity Care financial assistance policy to meet the needs of the community in crisis. These changes will be included in the Charity Care financial assistance policy as included as an addendum. Patient discounts related to an Access to Healthcare Crisis may be provided at the time of the crisis, regardless of the date of this policy (as hospital leadership may not be able to react quickly enough to update policy language in order to meet more pressing needs during the Access to Healthcare Crisis)

CHARITY CARE APPLICATION SUBMISSION & REVIEW PROCESS

Single, Unified Application

The Charity Care application provides patient information necessary for determining patient qualifications and such information will be used to qualify the patient or family representative for maximum coverage under the PVHMC Charity Care Financial Assistance Program. The Charity Care application should be completed as soon as there is an indication that the patient may be in need of Charity Care. The application form may be completed prior to service, during a patient

stay, or after services are completed and the patient has been discharged.

The hospital will provide guidance and/or direct assistance to patients or their family representatives as necessary to facilitate completion of the free application. Financial counselors, eligibility services liaisons and/or patient account representatives are available to provide guidance over the phone or meet in person.

The application will cover all outstanding guarantor balances at the time the application is completed. Patients may be required to re-apply for Charity Care financial assistance at least every 180 days.

Required Documentation

Eligible patients may qualify for the PVHMC Charity Care Financial Assistance Program by following application instructions and making every reasonable effort to provide the hospital with documentation and health benefits coverage information such that the hospital may make a determination of the patient’s qualification for coverage under the program. Eligibility alone is not an entitlement to coverage under the PVHMC Charity Care Financial Assistance Program. To determine eligibility you are required to provide only one of these to show your income: recent pay stubs or recent income tax returns to maximize the qualifying assistance, the following documentation is required when applicable:

- 1) Completed & signed financial assistance application;
- 2) **Recent pay stubs** mean pay stubs within six month before or after the you were first billed. For care that has not yet been provided, pay stubs within six months of the date you submit the application.
- 3) **Recent Income tax return** means return that show your family income for the year you were first billed, or for the twelve months before you were first billed
- 4) If you cannot provide pay stubs or tax returns, we may ask for other proof, such as a signed employer letter, a letter showing approval or denial from a government program, a written declaration, or a verbal statement. You are not required to provide these items, but we will accept them if you choose to provide them.

Completion of a Charity Care application provides:

- Information necessary for the hospital to determine if the patient has sufficient income to pay for services;

Policy Name: Charity Care Financial Assistance Policy		Policy #: HW#501
Division: Organizational	Manual: Hospital Wide Policy	Page 11 of 30
Origination Date: 12/31/2007	Revised Date: 1/5/2018; 1/1/2023, 01/01/24, 01/01/2025, 11/21/2025, 05/11/2026	Effective Date: 01/01/2025

- Documentation useful in determining qualifications for financial assistance; and
- An audit trail documenting the hospital’s commitment to providing Charity Care

Reasons for Denial of Assistance

The PVHMC Charity Care Financial Assistance Program relies upon the cooperation of individual patients who may be eligible for full Charity Care. Charity Care may be denied for failure to submit applicable required documentation.

The hospital may deny financial assistance for reasons including, but not limited to, the following:

- 1) Patient is not eligible for Charity Care based on amount of income
- 2) Patient is uncooperative or unresponsive, preventing the Hospital from determining Charity Care eligibility and qualification;
- 3) Service provided to a Charity Care patient is not considered medically necessary;
- 4) Application is incomplete;
- 5) Patient’s balance results from withholding from the Hospital an insurance payment;
- 6) Patient’s balance after insurance pays does not meet the definition of high medical cost;
- 7) Patient’s liability is a Medicaid share of cost or out-of-pocket expense related to means tested and/or income-based coverage such as a subsidized Covered CA qualified health plan.

The Charity Care application should be completed as soon as there is an indication the patient may be in need of Charity Care. The application form may be completed prior to service, during a patient stay, or after services are completed and the patient has been discharged.

Approval Process

The patient or patient’s representative shall submit the Charity Care application and required supplemental documents to the Patient Financial Services department at PVHMC. The Patient Financial Services department's contact information shall be clearly identified in the application instructions.

PVHMC will provide personnel who have been trained to review Charity Care applications for completeness and accuracy. Application reviews will be completed as quickly as possible considering the patient’s need for a timely response. Upon receipt of a completed free care application, assigned staff in the business office will prepare a “Request for Consideration of

Uncompensated Care (Free)” attaching all supporting documentation as defined within this policy and submit to an applicable manager based upon the amount of the discount requested as defined below. For the circumstances defined below which do NOT require submission of a financial assistance application, the staff will prepare a “Request for Consideration of Uncompensated Care (Free)” clearly noting the reason an application was NOT prepared and attaching a credit report if a valid social security number is available.

Charity care financial assistance determination will be made only by approved hospital management personnel according to the eligibility criteria specific to the patient and the amount of financial assistance requested. Financial assistance shall not be provided on a discriminatory or arbitrary basis. The hospital retains full discretion, consistent with laws and regulations, to establish eligibility criteria and determine when a patient has provided sufficient evidence of qualification for Charity Care.

The Hospital’s designee authorized to approve financial assistance applications is based on the amount of the financial assistance requested; larger discounts require a higher level of approval as indicated below:

- Discounts less than \$25,000: Director of Patient Financial Services or the Director of Patient Access
- Discounts greater than \$25,000: Chief Financial Officer

The Hospital reserves the right to reverse Charity Care adjustments and pursue appropriate reimbursement or collections. This may occur as a result of a variety of reasons, such as newly discovered information such as insurance coverage or pursuit of a personal injury claim related to the services in question.

Application Exceptions

A completed Charity Care application may not be required in certain circumstances. These circumstances are limited to situations when PVHMC determines it has sufficient patient financial information from which to make a Charity Care eligibility and qualification decision. Examples of circumstances not requiring a Charity Care application include, but are not necessarily limited to:

- 1) Patient is homeless;
- 2) Patient is a resident at a shelter including but not limited to Prototypes and The American

 - 17) Patient is a patient who was seen by Parktree Community Health Center (PCC)

Appeal Process

In the event that a patient disagrees with the hospital's determination regarding qualification, the patient may file a written appeal for reconsideration with the hospital as follows:

The written appeal should contain a complete explanation of the patient's dispute and rationale for reconsideration. Any or all additional relevant documentation to support the patient's claim should be attached to the written appeal.

Any or all appeals will be reviewed by the hospital Director of Patient Financial Services. The director shall consider all written statements of dispute and any attached documentation. After completing a review of the patient's claims, the director shall provide the patient with a written explanation of findings and determination.

In the event that the patient believes a dispute remains after consideration of the appeal by the Director of Patient Accounting, the patient may request in writing, a review by the Chief Financial Officer. The Chief Financial Officer shall review the patient’s written appeal and documentation, as well as the findings of the Director of Patient Financial Services. The Chief Financial Officer shall make a determination and provide a written explanation of findings to the patient. All determinations by the Chief Financial Officer shall be final. There are no further appeals.

Hospital Bill Complaint Program

The Hospital Bill Complaint Program is a state program, which reviews hospital decisions about whether you qualify for help paying your hospital bill. If you believe you were wrongly denied financial assistance, you may file a complaint with the Hospital Bill Complaint Program. Go to HospitalBillComplaintProgram.hcai.ca.gov.

EMERGENCY PHYSICIANS BILL SEPARATELY & ARE ALSO REQUIRED TO PROVIDE DISCOUNTS TO CERTAIN PATIENTS

Physicians providing emergency services in the hospital are required to provide discounts to uninsured and high medical cost patients whose incomes are at or below 400 percent of the Federal Poverty Level.

The discounts by physicians providing emergency services in the hospital are not included in the Hospital’s Charity Care Financial Assistance Policy. These discounts are administered independently by the physician, physician’s medical group and/or the physician billing agency, See Addendum A for a complete list of emergency providers.

REPORTING AND BILLING:

Billing Statements

Consistent with Health and Safety Code Section 127420, the Hospital will include the following clear and conspicuous information on a patient’s bill:

- 1) A statement of charges for services rendered by the hospital.
- 2) A request that the patient inform the hospital if the patient has health insurance coverage,

- Medicare, Medi-Cal, or other coverage.
- 3) A statement that if the consumer does not have health insurance coverage, the consumer may be eligible for coverage offered through the California Health Benefit Exchange (Covered CA), Medicare, Medi-Cal, California Children’s Services Program, or Charity Care.
 - 4) A statement indicating how patients may obtain an application for the Medi-Cal program, coverage offered through the California Health Benefit Exchange, or other state- or county-funded health coverage programs and that the hospital will provide these applications. If the patient does not indicate coverage by a third-party payer or requests a discounted price or Charity Care, then the hospital shall provide an application for the Medi-Cal program, or other state- or county-funded programs to the patient. This application shall be provided prior to discharge if the patient has been admitted or to patients receiving emergency or outpatient care. The hospital shall also provide patients with a referral to a local consumer assistance center housed at legal services offices.
 - 5) Information regarding the financially qualified patient and Charity Care application, including the following:
 - a) A statement that indicates that if the patient lacks, or has inadequate, insurance, and meets certain low- and moderate-income requirements, the patient may qualify for discount payment or Charity Care.
 - b) The name and telephone number of a hospital employee or office from whom or which the patient may obtain information about the hospital's any charge for care that is reduced but not free and Charity Care policies, and how to apply for that assistance.
 - c) If a patient applies, or has a pending application, for another health coverage program at the same time that he or she applies for a hospital Charity Care or any charge for care that is reduced but not free program, neither application shall preclude eligibility for the other program.

Public Notice

PVHMC shall post notices informing the public of the Charity Care and Any charge for care that is reduced but not free Financial Assistance Programs. Such notices shall be posted in high volume inpatient, areas and in outpatient service areas of the hospital, including but not limited to the emergency department, inpatient admission and outpatient registration areas, or other common patient waiting areas of the hospital. Notices shall also be posted at any location where a patient

Access to the Charity Care Financial Assistance Policy

A copy of this Charity Care Financial Assistance Policy and a plain language summary is available on the Hospital's website. A hard copy of the policy will be made available to the public upon request at the Hospital's main campus or by mail.

HCAI Reporting

PVHMC will report on actual Charity Care provided in accordance with regulatory requirements of the Department of Health Care Access (HCAI) as contained in the Accounting and Reporting Manual for Hospitals, Second Edition. To comply with the applicable requirement, the hospital will maintain written documentation regarding its Charity Care criteria, and for individual patients, the hospital will maintain written documentation regarding all Charity Care determinations. As required by HCAI, Charity Care provided to patients will be recorded on the basis of actual charges for services rendered.

In compliance with HCAI adopted regulations approved by the Office of Administrative Law the Director of Patient Financial Services will submit an electronic copy of its any charge for care that is reduced but not free and Charity Care policies, eligibility procedures and review process (as defined and documented in one, comprehensive Financial Assistance Program Policy) and its Charity Care application form to HCAI at least every other year by January 1 beginning January 1, 2008, or whenever a significant change to the policy is made.

GENERAL PROVISIONS:

Equal Opportunity

The Hospital is committed to upholding the multiple federal and state laws that preclude discrimination on the basis of race, sex, age, religion, national origin, marital status, sexual orientation, disabilities, military service, or any other classification protected by federal, state or local laws.

Help Paying Your Bill

There are free consumer advocacy organizations that will help you understand the billing and payment process. You may call the Health Consumer Alliance at 888-804-3536 or go to healthconsumer.org.

Language Assistance

If you need an accessible alternate format for the above material or if you need to speak another language, please contact Customer Service at 909-865-9100 and they can offer you an alternative format or connect you with our Interpreter Services for further assistance.

Confidentiality

It is recognized that the need for financial assistance is a sensitive and deeply personal issue for recipients. Confidentiality of requests, information and funding will be maintained for all that seek or receive financial assistance. The orientation of staff and selection of personnel who will implement this policy should be guided by these values. The Charity Care documentation will not be reviewed or accessed by staff involved in collection activities.

Good Faith

PVHMC makes arrangements for Charity Care financial assistance for qualified patients in good faith and relies on the fact that information presented by the patient or family representative is complete and accurate.

Provision of Charity Care financial assistance does not eliminate the right to bill, either retrospectively or at the time of service, for all services when fraudulent, or purposely inaccurate
