

**Neeraj Gupta, MD** has obtained diverse training in all aspects of orthopedic surgery at the University of Southern California. He is also dual fellowship trained in orthopedic trauma/joints/reconstructive surgery from Cedar's Sinai Medical Center and in sports medicine from the San Diego Kaiser Sports Medicine Fellowship.

His interests outside of medicine include sports and technology. He likes to incorporate the high tech world into his practice to make patient care more efficient with improved outcomes.

### Education

Undergraduate Degree- Northwestern University, Evanston, IL  
 Medical Degree- Northwestern University Medical School Chicago, IL  
 Orthopedic Surgery Internship- University of Southern California, Los Angeles, CA  
 Orthopedic Surgery Residency- University of Southern California, Los Angeles, CA  
 Orthopedic Surgery Fellowship-Sports Medicine Fellowship, Kaiser Permanente Sports Medicine, San Diego, CA & Trauma Fellowship, Cedars Sinai Trauma, Los Angeles, CA

### Professional Affiliations

American Academy of Orthopedic Surgeons  
 American Medical Association

### Area of Expertise

With his extensive training, Dr. Gupta is involved in minimally invasive surgery in joint replacements as well as advanced arthroscopic surgery. He performs computer navigated total joint replacements. His favorite procedures are fixing complex fractures, joint replacements of the hip, knee, shoulder, and elbow, and arthroscopic reconstructions of the knee and shoulder including ACL reconstructions, rotator cuff repairs, and shoulder instability repairs.

### Awards

Alpha Omega Alpha Honor Society  
 Honors in Surgery, Neurology, Physical Medicine and Rehabilitation, and Orthopaedic Surgery
